

Basalite® Project Experience - Permeable Pavers

Cakebread Cellars | Rutherford, CA.

Cakebread Winery installed a new parking lot at their facility in Rutherford, California. Bartelt Engineering of Napa specified 50,000 square feet of Basalite Permeable Pavers. Owner Bruce Cakebread along with Landscape Architect Jack Chandler chose Basalite 4X8 Tumbled Mission Permeable Pavers in the Palermo color. Parking striping was done with a the 4X8 Mission Tumbled Permeable paver in a custom color called Truckee Mirror, the paver's face was ground and shot blasted to accent the granite curb & gutter. The paver contractor was California Pavers from Lodi, California
